PROFESSIONAL SUMMARY

MERN Stack Developer and Computer Science graduate with focused expertise in frontend web development. Proficient in building responsive, user-friendly web applications using React.js, JavaScript, Tailwind CSS, and Bootstrap. Holds a NAVTTC certification in MERN Stack development and demonstrates foundational backend skills with Node.js, Express.js, and MongoDB. Committed to writing clean, scalable code and delivering optimized user experiences.

PROJECT EXPERIENCE Frontend Developer 2023 – Present

Academic & Personal MERN Stack Projects Bhakkar, Pakistan • 5+ responsive web applications using React.js, Tailwind CSS, and Bootstrap, achieving consistent cross device compatibility across mobile, tablet, and desktop viewports.

- Architected and implemented a library of reusable React UI components, reducing redundant code by an estimated 30% and accelerating feature delivery across multiple projects.
- Integrated frontend interfaces with RESTful backend APIs built on Node.js and Express.js, enabling seamless data flow and improving application response times.

Full Stack Developer (Trainee) 2023

NAVTTC – Professional Training Program Pakistan • Completed a structured, industry-aligned MERN Stack curriculum, delivering hands-on projects that covered the full development lifecycle from UI design to database integration.

- Built and deployed a full-stack web application using MongoDB, Express.js, React.js, and Node.js, demonstrating end-to-end proficiency across the stack.
- Collaborated in a team environment to produce production-ready code, applying version control with Git and GitHub across all project deliverables.

EDUCATION

Bachelor of Science in Computer Science (BSCS) 2022 – 2026

Thal University, Bhakkar Bhakkar, Pakistan

Intermediate – FSc / ICS 2022

BISE Sargodha Sargodha, Pakistan

CERTIFICATIONS

Certified MERN Stack Developer 2025

NAVTTC – National Vocational & Technical Training Commission

TECHNICAL SKILLS
